Why I advocate for Altru...

Access to quality healthcare is a basic human right, and we are so fortunate to have Altru in our community to ensure that all are provided for in this area. But what I love most about this organization is that Altru doesn't stop there; rather, Altru goes above and beyond in every way to ensure top-notch, innovative and cutting-edge healthcare that not only effectively responds to health problems but also works to prevent them and to promote a healthy community for all.
