- » UND Alumni Association Board of Directors Chairperson
- » Minnesota Twins Community Fund Board of Directors – Chairperson

Why I advocate for Altru...

I believe local health care is critical to the short and long term success of a community. We are so fortunate to have the health care expertise and quality of care provided by Altru in our local communities. Altru's employees genuinely care about the well-being of their patients, and in many cases, are our friends and neighbors as well. My involvement on the Board of Altru is one small way I can "give back" and thank the team of employees at Altru for helping our communities lead healthy lives.
