- » North Dakota Capitol Grounds Planning Commission
- » North Dakota Lottery Commission
- » North Dakota 20/20 and Beyond Steering Committee
- » Grand Forks Special Assessment Commission

## **Why I advocate for Altru...**

I believe it is important for our community to have our health care decisions made locally. Local control means we can better target services to the specific and unique needs of our own community. I think this local control has led us to our connection with Mayo Clinic and the forming of Altru Wellness Village on our community's south end. Altru is also a major engine in our community's economy and I feel better knowing that we can control outcomes from right here in Grand Forks. Altru delivers some of the best care in the country. I am proud to be connected to them and have them here in my community.
