

Healthcare/Advance Directive Form for North Dakota

An advance directive is a statement (usually in writing) made by a person in advance that gives directions to decision makers and caregivers regarding health care decisions to be made in the event the person is unable to make those decisions for him/herself.

In North Dakota, there are two types of advance directives that may be used.

One of the forms is called the "Living Will". A living will permits you to decide whether you want life-prolonging treatment or nutrition and hydration started or continued if you are unable to communicate your wishes to your health care provider and you are in a terminal condition.

The other form is called the "Durable Power of Attorney for Health Care". This is a document that permits you to appoint someone else to make medical decisions for you if you become unable to make decisions for yourself.

Altru Health System, with the help of its attorneys, has made certain modifications to the suggested statutory forms and has combined the two forms into one document. It is hoped that this will make the process of developing an advance directive easier for you.

THE LIVING WILL DECLARATION CONCERNING THE RIGHTS OF THE TERMINALLY ILL REGARDING LIFE-PROLONGING TREATMENT AND NUTRITION AND HYDRATION

This is an important legal document which permits you to make decisions now regarding:

- Life-prolonging medical treatment
- Nutrition (food)
- Hydration (water)

This statement of your wishes will be used by others if you are terminally ill and your death is imminent and you are not able to make these healthcare decisions yourself.

The intent of this document is to provide an easy-to-use living will form for those who wish to use it.

According to the legal requirement, please place your initials in the appropriate blank spaces to indicate your choices on the form. Please do **not** use an “x” or check mark.

This form, which is contained herein, has been developed by members of Altru Health System’s Ethics Committee with assistance from Altru Health System’s attorneys.

HEALTH CARE DIRECTIVE

I _____ understand this document allows me to do ONE OR ALL of the following:

PART I: Name another person (called the health care agent) to make health care decisions for me if I am unable to decide or make known my health care decisions for myself. My health care agent must make health care decisions for me based on the instructions I provide in this document (Part II), if any, the wishes I have made known to him or her, or my agent must act in my best interest if I have not made my health care wishes known.

AND/OR

PART II: Give health care instructions to guide others making health care decisions for me. If I have named a health care agent, these instructions are to be used by the agent. These instructions may also be used by my health care providers, others assisting with my health care and my family, in the event I cannot decide or make known my decisions for myself.

AND/OR

PART III: Allows me to make an organ and tissue donation upon my death by signing a document of anatomical gift.

PART I: APPOINTMENT OF HEALTH CARE AGENT

THIS IS WHO I WANT TO MAKE HEALTH CARE DECISIONS FOR ME IF I AM UNABLE TO DECIDE AND MAKE KNOWN MY HEALTH CARE DECISIONS FOR MYSELF

(I know I can change my agent or alternate agent at any time. I know I do not have to appoint an agent or an alternate agent)

NOTE: If you appoint an agent, you should discuss this health care directive with your agent and give your agent a copy. If you do not wish to appoint an agent, you may leave Part I blank and go to Part II and/or Part III. None of the following may be designated as your agent: your treating health care provider, a nonrelative employee of your treating health care provider, an operator, or a nonrelative employee of long-term care service provider.

When I am unable to decide or make known health care decisions for myself, I trust and appoint _____ to make health care decisions for me. This person is called my health care agent.

Relationship of my health care agent to me: _____

Telephone number of my health care agent: _____

Address of my health care agent: _____

(OPTIONAL) APPOINTMENT OF ALTERNATE HEALTH CARE AGENT: If my health care agent is not reasonably available, I trust and appoint _____ to be my health care agent instead.

Relationship of my alternate health care agent to me: _____

Telephone number of my alternate health care agent: _____

Address of my alternate health care agent: _____

THIS IS WHAT I WANT MY HEALTH CARE AGENT TO BE ABLE TO DO IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS FOR MYSELF

(I know I can change these choices)

My health care agent is automatically given the powers listed below in (A) through (D). My health care agent must follow my health care instructions in this document or any other instructions I have given to my agent. If I have not given health care instructions, then my agent must act in my best interest.

Whenever I am unable to make and make known health care decisions for myself, my health care agent has the power to:

(A) Make any health care decision for me. This includes the power to give, refuse, or withdraw consent to any care, treatment, service, or procedures. This includes deciding whether to stop or not start health care that is keeping me or might keep me alive and deciding about mental health treatment.

(B) Choose my health care providers.

(C) Choose where I live and receive care and support when those choices relate to my health care needs.

(D) Review my medical records and have the same rights that I would have to give my medical records to other people.

If I DO NOT want my health care agent to have a power listed above in (A) through (D) OR if I want to LIMIT any power in (A) through (D), I MUST say that here:

My health care agent is NOT automatically given the powers listed below in (1) and (2). If I WANT my agent to have any of the powers in (1) and (2), I must INITIAL the line in front of the power; then my agent WILL HAVE that power.

____(1) To decide whether to donate any parts of my body, including organs, tissues, and eyes, when I die.

____(2) To decide what will happen with my body when I die (burial, cremation).

If I want to say anything more about my health care agent's powers or limits on the powers, I can say it here:

PART II: HEALTH CARE INSTRUCTIONS

NOTE: Complete this Part II if you wish to give health care instructions. If you appointed an agent in Part I, completing this Part II is optional but would be very helpful to your agent. However, if you chose not to appoint an agent in Part I, you MUST complete, at a minimum, Part II (B) if you wish to make a valid health care directive.

These are instructions for my health care when I am unable to make and Make known health care decisions for myself. These instructions must be followed (so long as they address my needs).

(A) THESE ARE MY BELIEFS AND VALUES ABOUT MY HEALTH CARE

(I know I can change these choices or leave any of them blank).

I want you to know these things about me to help you make decisions about my health care:

My goals for my health care:

My fears about my health care:

My spiritual or religious beliefs and traditions:

My beliefs about when life would be no longer worth living:

My thoughts about how my medical condition might affect my family:

(B) THIS IS WHAT I WANT AND DO NOT WANT FOR MY HEALTH CARE

(I know I can change these choices or leave any of them blank)

Many medical treatments may be used to try to improve my medical condition or to prolong my life. Examples include artificial breathing by a machine connected to a tube in the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries, dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a while and then stopped if they do not help.

I have these views about my health care in these situations:

(Note: You can discuss general feelings, specific treatments, or leave any of them blank).

If I had a reasonable chance of recovery and were temporarily unable to make and communicate health care decisions for myself, I would want:

If I were dying and unable to decide or make known health care decisions for myself, I would want:

If I were permanently unconscious and unable to decide or make known health care decisions for myself, I would want:

If I were completely dependent on others for my care and unable to decide or make known health care decisions for myself, I would want:

In all circumstances, my doctors will try to keep me comfortable and reduce my pain. This is how I feel about pain relief if it would affect my alertness or if it could shorten my life:

There are other things that I want or do not want for my health care, if possible:

Who I would like to be my doctor:

Where I would like to live to receive health care:

Where I would like to die and other wishes I have about dying:

My wishes about what happens to my body when I die (cremation, burial):

Any other things:

PART III: MAKING AN ANATOMICAL GIFT
